If 6 people are involved in a love triangle—does that make it a love hexagon? A witty farce about romance, sex, marriage, betrayal and, well—love. The Cottage will keep you laughing as a hilarious web of secrets is revealed. It is 1923 in a charming cottage in the English countryside. Sylvia is certain that she married the wrong man and has sent telegrams to that effect to both her husband and her lover’s wife. That brazen decision sets off a cavalcade of arrivals, surprises, and laughs. What follows is a fast-moving, unpredictable, and –potentially murderous romp.
